TAKES OPTIMISTIC VIEW.

Dr. Isaac Funk, one of the members of a well-known book firm, believes, with Dr. Sargent, that women have advanced greatly within the last 50 years and that they approximate more nearly the masculine form and trend of thought. But he thinks that in the next 50 years there will not be any very great change in this direction, but that the laws which govern perpetuation will limit her advance.

KEEP WATER ON REGISTER.

If you live in a house where there is a furnace always keep a vessel of water on the register and you will always have hot water and not have to use any gas in heating it.

More Bottles Sold Each Year.

It is easy to understand why a growing number of bottles of Foley's Honey and Tar Compound is sold yearly. Thos. Verran, 289 Edward Street, Houghton, N. Declare War On Colds.

A crusade of education which aims at common colds may become common within the next generation. It has been begun by prominent New York physicians. Here is a list of the "don'ts" which the doctors say will prevent the annual visitation of the cold:

"Don't sit in a draughty car."
"Don't sleep in hot rooms."
"Don't avoid the fresh air."
"Don't stuff yourself at meal time."
Over-eating reduces your resistance."
To which we would add—when you take a cold get rid of it as quickly as possible. To accomplish that you will find Chamberlain's Cough Remedy most excellent. Sold by all dealers. adv.

Gladstone's Handshake.
An Aberdeen paper tells a Gladstone story of the memorable Midlothian tour. On one occasion there was a great handshaking ordeal at the window of the old gentleman's railway carriage, and he was rapidly getting the worst of it. A stalwart young policeman who accompanied Mr. Gladstone proved equal to the occasion. Crouching behind the great man and thrusting his hand under Mr. Gladstone's Inverness cape, the muscular "peeler" gave each comer in turn a grip that had no lack of cordiality.

"The auld man's uncommon vigorous at his time o' life," observed one unsuspecting Scot as he stroked his fingers.
"He is that," concurred another of the policeman's victims, "but did ye notice his dirty nails?"

A man may use the wart on the back of his neck for a collar button; ride on the back coach of a train to save interest on his money until the conductor comes around; stop his watch at night to save wear; leave 't and 't without a do' or cross to save ink; pastures his mother's grave to save corn; but a man of this kind is a gentleman and a scholar compared to a man who will take a newspaper and when asked to pay for it puts it back in the postoffice and has it marked refused.

Sarcastic.

There is a certain Wilmington business man, of a rather waggish disposition, who contends that his wife has no imagination. At dinner one night he chanced to mention a tragic circumstance he had read in the evening paper on his way home. A passenger on a transatlantic steamer had fallen overboard in midocean, and he had never been seen again. "Was he drowned?" asked his wife. "Of course not," answered the irrepressible hubby, "but he sprained his ankle, I believe."—Argonaut.

Just Her Habit.

A widower was being married for the fourth time recently. During the ceremony one of the guests is surprised to hear violent sobs proceeding from a woman in a corner of the church.

"Who is that lady who is crying so bitterly?" he asks of the bystanders.

"Oh, it's only Marthe, our cook," answers one of the bridegroom's children. "She always blubbers when papa gets married!"—London Mail.

Ought to Be Thankful.

"Doctor," growled the patient, "it seems to me that \$500 is a big charge for that operation of mine. It didn't take you over half a minute."

"My dear sir," replied the famous specialist, "in learning to perform that operation in half a minute I have spoiled over eleven pecks of such eyes as yours."—Success Magazine.
